

PAYMENT PROCESSING DESIGNED FOR YOU

Ankota and Paragon Have Teamed Up to Offer Customers a Secure and Reliable Way to Accept Credit Cards and Electronic Checks Using Ankota

As the secure payments engine powering the Ankota platform, Paragon offers the simple, secure and reliable payments home care organizations need to manage thriving businesses. Bill for co-pays and other miscellaneous fees, get paid and manage cash flow through Ankota.

Say goodbye to the days of devoting hours to manually monitoring credit card and electronic check activity through a standalone system and then reporting transactions back into your software. With a clear, centralized view of your financial data and the supporting details, you'll be able to easily understand and manage the overall health of your business.

Plus, with innovative features like tokenization, conveniently bill a card or checking account on-file to streamline client billing or offer clients the convenience of paying with a securely stored account-on-file. With same day account setup and simple flat rate pricing, payment processing has never been easier.

ACCEPT ALL PAYMENT TYPES

With Paragon, you can accept all credit card types (Visa, MasterCard, American Express, Discover, HSA /FSA cards, etc.) as well as electronic checks.

PURE & SIMPLE PRICING

With simple, **flat rate pricing**, never wonder what you'll pay for processing services as everything is included under one affordable rate.

KEEP PATIENTS HAPPY

Never miss a payment! Offer clients the convenience of securely storing a credit card or bank account on-file with Paragon's Tokenization.
